Organizing Committee of the Conference on International Exchange of Professionals

Notice on Collecting the “Intelligence SHOW” Projects, Technologies and Professionals for the 17th Conference on International Exchange of Professionals

To the organizations concerned,

The 17th Conference on International Exchange of Professionals (hereinafter referred to as “CIEP”) sponsored by the Ministry of Science and Technology (the State Administration of Foreign Experts Affairs) and the Shenzhen municipal government will be held from April 14 to 15, 2019. Themed by “integrating global intelligence, promoting innovative cooperation and seeking common development”, CIEP aims to build a national, internationalized and comprehensive cooperation platform through integrating professional project exchange. The organizing committee of CIEP hereby collects the “Intelligence SHOW” projects and professionals in a bid to conform to the new rules of science and technology and talents exchange and cooperation, highlight the concept of boosting international talent exchange through scientific and technological innovation, be

demand-oriented and inform project and talent information in a targeted manner, promote in-depth exchange and cooperation between science and technology resources in related fields at home and abroad and China's industrial, academic and research institutions, and achieve practical outcome in matchmaking high-end talents and projects. Therefore, CIEP endeavors to collect in advance the demands of each province, district and city for participation in CIEP, capitalize on resources from all partners of CIEP, in a way to enable efficient matchmaking of projects, talents, technologies and capital, actively plan and tap the international innovation resources for launching overseas high-end projects and deepen international exchange and cooperation in science and technology. CIEP will release the collected demand information on its official website and WeChat public account before, during and after the conference to form a consisting and lasting mechanism, thus to improve the efficiency and precision of matchmaking among projects, technologies, talents and capital. Our purpose is to provide quality services and establish a communication platform for each participant.

For domestic and overseas high-end talents intending to provide negotiation on launch of high-quality projects, please fill in the *Intelligence SHOW Project Collection Form* (see Annex 1). For institutions applying for matchmaking of high-quality projects, please fill in the *CIEP Intelligence SHOW Supply and*
